*10% of a Nickel*

Matthew 5:17-20

### **Responses & Reactions**

- What disturbed you, challenged you, or intrigued you in this week's message?

### **Digging Deeper**

- Jesus says he's come to "fulfill" the law (5:17). How is this different from simply moving *past* the law, onto something newer and better?
- Why do you think so many people were so resistant to Jesus' message about love being the fulfillment of the law? (In other words, what's not to like about love?)

### **Bringing it Home**

- In what situations or areas of life are you most tempted to shift back from love-thinking into law-thinking?
- What is a question or situation you are facing right now where the group could help you discern "what love requires"? Discuss these questions/situations, including how a law approach would be different from a love approach.\*\*\*
