### **Responses & Reactions**

- What disturbed you, challenged you, or intrigued you in this week's message?

### **Digging Deeper**

- What do you think it looks like to restore someone "with a spirit of gentleness"?
- What do you think we can learn from Jesus about how to have difficult conversations? How do you he managed to gain a reputation as a "friend of sinners" while also being a person who called people to change their minds and lives?

### **Bringing it Home**

- Where or how are you tempted to derive your sense of worth by comparing yourself to others? How can we resist this temptation?
- What are some of the things you've learned, from either giving or receiving correction yourself, about how to deliver corrective insights in ways that others can receive well?
