Ephesians 6:10-20

## Responses & Reactions

- What disturbed you, challenged you, or intrigued you in this week's message?

## Digging Deeper

- What do you think of the idea that the Christian battle against evil is primarily defensive rather than offensive? Do you agree or disagree? Why?
- What might it look like practically for Christians to serve as a societal "firebreak"—the place where the forest fires ignited by evil either slow or go out?

## Bringing it Home

- Where is evil pressuring your life, the life of your family, or the life of your community right now?
- How might you be invited to deploy the defensive tools given to you by God?
